

Evangelism – church planting

Christian City Churches are the fastest growing churches in Australia with 40% growth between 1996-2001 (NCLS). Now we are known as C3 Church and we believe in church planting.

People connect with Jesus Christ through the local church however people become disciples of Jesus Christ when they join a body of people.

Our church is one of 250 C3 Church plants across the world and our congregation came out of C3 Church Whitehorse which is located in Vermont in Melbourne.

Location

We are located in Macleod which is a suburb 12 kilometers from the CBD. Surrounding suburbs for our church are Ivanhoe, Templestowe, Heidelberg and Bundoora. We are also within short driving distance from Eltham, Doncaster, Airport West and Northcote.

We would love to have you

Our catch cry is for your best life. We believe that when you attend our church you will meet Jesus, be transformed and begin to enjoy victory. Join us this Sunday from 10am. See you there!
